OUR STORY

A New Shade of Blue

Blue's has been part of Bracknell for years, and we're proud to be writing its next chapter:

In February 2026, five friends took on Blue's with a simple idea: respect its history, but make it our own. Some things may feel familiar, but behind the scenes a lot has changed. A new team, a new menu, new smokers, new ideas & a new passion.

We're an independent bar & smokehouse run by a small team right here in Bracknell, passionate about great barbecue and creating somewhere people genuinely enjoy spending their time.

We haven't written the whole story yet, we've only just started the journey. Every day we're learning, changing and improving, putting more care into the food, the atmosphere and the experience we give.

We have big ambitions for Blue's, and we're incredibly excited to see where this journey takes us.

We hope you'll be part of it.

Our goal is simple: build an independent restaurant and bar that our team, our guests and community can be proud of.

This is our new shade of Blue.

BLUES NOTES

THE SMOKE RING

That pink edge on properly smoked meat isn't undercooked. It's called a smoke ring and it's a hallmark of proper BBQ.

OUR MEMPHIS RIBS

Memphis-style ribs are all about the rub. Seasoned with our Pork rub and then smoked low and slow. The flavour comes from the pork, the rub and the smoke, finished off with our Cherry Bourbon BBQ.

PINK CHICKENS & PURPLE COWS

Smoke reacts with the meat's natural pigments, leaving chicken pink and beef rosy even when fully cooked. That's why we cook to temperature, not colour:
